What is Teledentistry?

Teledentistry is a secure and quick way to get a dentist's recommendation without leaving your home. It could also help you avoid a visit to the emergency room. Use Delta Dental Virtual Visits when you:

- Have a dental emergency and do not have a dentist.
- Need access to a dentist after hours.
- Need to consult a dentist without leaving home or while traveling.

Connect with a TeleDentistry.com dentist and begin your consultation

TeleDentistry.com offers initial consultation services by certified dentists, who can prescribe medication where necessary. If you do not have a Delta Dental dentist, TeleDentistry.com will refer you to an in-network dentist with your authorization.
