Visit limits do not apply to Treatments for Autism Spectrum Disorder.	

**\*\*Emergency Services**

For the treatment of Emergency Medical Conditions or Accidental Injuries of sufficient severity to necessitate immediate medical care by, or that require Ambulance Transportation Service to, the nearest appropriate Facility Provider, BCI, on behalf of the Plan Administrator, will provide In-Network benefits for Covered Services provided by either a Contracting or Noncontracting Facility Provider and facility-based Professional Providers only. If the nearest Facility Provider is Noncontracting, once the Participant is stabilized and is no longer receiving emergency care, the Participant (at BCI's option, on behalf of the Plan Administrator,) may transfer to the nearest appropriate Contracting Facility Provider for further care in order to continue to receive In-Network benefits for Covered Services. If the Participant is required to transfer, transportation to the Contracting Facility Provider will be a Covered Service under the Ambulance Transportation Service provision of this Plan.
