

The Cost Relief program helps you save with a \$0 copay on certain specialty drugs.

Specialty drugs are an important part of care for many people, but they often come with a high cost. Blue Cross of Idaho Rx has teamed up with our pharmacy partner, CarelonRx, to offer you a new way to save. By connecting you with drug manufacturer copay-assistance programs, the program can help keep costs down with a \$0 copay on eligible specialty drugs.

WITH COST RELIEF:

\$0

Save your healthcare dollars with \$0 out-of-pocket costs for many specialty drugs.¹

Cost Relief works with manufacturers to get copay card assistance and manages enrollment and renewals for you.² Even if there is no copay assistance available for your specialty drug, your cost will be \$0 out of pocket.
